

**Catlett – Calverton Sewer Project**  
**Project Management Team**  
**Golden Rule Builders, 3409 Catlett Road**  
October 7, 2015  
Meeting Notes

Welcome & Introductions – Eldon asked everyone to introduce themselves

Update on Status of the Catlett-Calverton Decentralized Sewer

Eldon gave a general overview and asked others to share. Virginia Copeland expressed her support for the project and her concern about it being able to proceed. Jim Craun expressed his appreciation for the Board's efforts so far. Sara Lee said she called Tom Rodgers of NWC to ask him some questions. She asked the Health department how many homes have been condemned in the last 20 years. Whitney Wright said none. She asked about the process. Whitney Wright responded with a lengthy explanation. Sara Lee asked about the number of sicknesses because of failed septic. Whitney Wright responded that he could not determine.

Charles Padgett expressed his concern about the price for individuals. He said that he has not seen any illnesses. Sara Lee asked William Russell if he had heard from people who don't want it and he answered he has. There was discussion about the concerns people have about the project.

Supervisor Sherbeyn talked about the value of the project to the community. Jim Craun and Joel Barkman each talked about the importance of the project to the community today and for the future.

Sara Lee asked about how the final connections will be done. Gary Schwartz talked about the process of connecting a structure to the system.

Strategies on Obtaining User Agreements and Easements

Sue moved the conversation on to plans to continue the conversation with those who are interested in getting more questions answered. Sue said that each time we have sent a letter we have gotten phone calls. We have planned for 2 or 3 more postcards to go out. The first will simply tell the basics. The second will be a to remind folks how

to get answers or additional information. The next Supervisor Town Hall will be next Wednesday the 14<sup>th</sup>. We will have a notary present. We would like to have a newspaper article with an interview of a county official. We would like to have another editorial. Sue will be working on the thermometers and will be asking some of the PMT for help with this. We will be posting more information on line at the project website. She would also like to add new posters/fliers at locations.

Scheduling the Next PMT Meeting – November 4
